IX

Stop all the clocks, cut off the telephone,
Prevent the dog from barking with a juicy bone,
Silence the pianos and with muffled drum
Bring out the coffin, let the mourners come.

Let aeroplanes circle moaning overhead
Scribbling on the sky the message He Is Dead,
Put crêpe bows round the white necks of the public doves,
Let the traffic policemen wear black cotton gloves.

He was my North, my South, my East and West,
My working week and my Sunday rest,
My noon, my midnight, my talk, my song;
I thought that love would last for ever: I was wrong.

The stars are not wanted now: put out every one;
Pack up the moon and dismantle the sun;
Pour away the ocean and sweep up the wood;
For nothing now can ever come to any good.

The man who arguably put East Central Junior College on the map has died.

Major General Charlie Denver Brackeen of Union died yesterday at his home on Highway 15 south, a victim of cancer. Fittingly, he passed away on Memorial Day.

Brackeen, 75, was the college's first All-American in basketball. He prepped locally at Hickory High School, where he was selected All-State. He continued his athletic career at Ole Miss where he averaged 28 points per game and was named the Southeastern Conference's Most Valuable Player and All-America.

Denver Brackeen

East Central Community College president Dr. Phil Sutphin said Tuesday, it was hard to put into words what Brackeen meant to the college.

"His influence on this institution goes way back. From the time he was a student, when he played ball... his association with all the individuals on the campus... his tenure as Dean of Men, as a coach. He was a member of the board for the Community and Junior Colleges. We are certainly going to miss him."

Brackeen not only made a name for himself on the hardwood, but in the ranks of the military as well.

He joined the Mississippi National Guard in 1949 before enrolling at East Central. In 1951, his unit was activated for the Korean Conflict and was sent to Fort Jackson, South Carolina.

In 1956, he received a direct appointment as a second Lieutenant in the guard as a radar officer. From there he received a series of appointments and in 1980 he was named battalion executive officer and brigade commander of the 114th Field Artillery.

Brackeen was appointed to the post of Assistant Adjutant General in 1983

Maj. General Charlie Denver Brackeen, 75, died Monday, May 29, 2006 at home in Union. Services are 2 p.m. today at Decatur United Methodist Church with burial in Union City Cemetery in Union. Stephens Funeral Home is handling arrangements.

Charlie Denver Brackeen was born February 10, 1931 in Hickory, Miss. He was the second child of Mr. and Mrs. W.M. Brackeen, Sr. He attended Hickory High School and graduated in 1949. His great love was basketball and he was an all state basketball player.

Denver joined the Mississippi National Guard in May 1949 and enrolled at East Central Junior College in September 1949. He played on the East Central Basketball team as center until January 1951 when the Decatur Unit was active for the Korean Conflict and was sent to Ft. Jackson, S.C.

He was deactivated from Camp Atterbury, Indiana in 1952 and returned to East Central Junior College where he graduated in 1953. He made all state and All-American in basketball while at East Central and also was chosen most valuable in the nation. In 1953, he enrolled at Ole Miss where he received a B.S. Degree in physical education and a master's degree in Education. While there he made all sec two years, was the most valuable player in sec and was chosen as All-American.

He was drafted by the New York Knickerbockers and played a short time with team before returning to East Central as a basketball coach in 1955.

In May 1956 Denver received a direct appointment as second lieutenant in the Mississippi National Guard and was assigned as a radar officer with the 932nd Field Artillery Battalion. In September 1956, he was assigned as training commander, service battery with the 932nd and in May 1958 became battery commander with the 932nd Field Howitzer Battalion. He was assigned as a battery commander wit the 4th Howitzer Battalion, 114th Field Artillery in May 1959. In February 1968 he was assigned to the 631st Filed Artillery as Logistics officer and became operations and training officer until July 1971. He returned to the 4th Battalion, 114th Field Artillery in February 1972 as Executive officer and became Battalion Executive officer in January 1980 and June of that year was named The Brigade Commander.

He was appointed to the Post of Assistant Adjustant General in 1983. He was promoted and federally recognized as a Bridgadier General, Adjutant General's Corps, on February 19, 1984. He was named special advisor for the Military Affairs in February 1990 by former Governor Ray Mabus and served in that position until his retirement from the National Guard in February 1992 with the rank of Major General.

During the time he was employed at East Central Junior College he served as a basketball coach, counselor, Director of Admissions, Academic Dean, Director of Financial Aid and Dean of Students.

ational Junior College Hall of Fame, Mississippi Sports Hall of Fame, ECJC Athletic Hall of Fame, ECJC Alumnus of the year, Ole Miss Athletic Hall of Fame and Legend of the Years in Sec basketball. His military awards and decorations include the Army Commendation Medal, National Defense Service Medal, Humanitarian Service Medal, Armed Forces Reserve Medal, Army Reserve Components's Achievement Medal with Two Oak Leaf Custers, Non-Commissioned Officer Development Ribbon and Service Ribbon. His Mississippi Awards and decorations include the Magnolia Cross, Magnolia Medal with Oak Leaf Cluster, Commendation Medal, War Medal, Emergency Service Medal with Three Oak Leaf Clusters, Service School Medal, Longevity Medal with One Silver Oak Leaf and the Honorary Order of Saint Barbara, Field Artillery.

Denver met his future wife, Charlotte Wells at East Central Junior College. They were married in April 1951. They had two sons, Morgan Denver Brackeen and Charlie Wells Brackeen who is deceased. He was appointed by former Governor Ronnie Muskgrove to the State Board of Community and Junior College Board in 2002 for an eight year term.

Count me among those Brackeen gave an

I suppose it was fitting that Denver Brackeen lost his battle with cancer on Memorial Day.

Not only was he the stuff of legends as far as a career in the military and in education, but he was one of the top athletes the tiny town of Hickory has produced.

Marty Stamper

On top of that, he was a really super person.

I first met Brackeen long, long ago when I was in junior high. Part of the plan for passing time in those days was shooting hoops in Dr. Gilbert Alexander's back yard most afternoons with his son, David, neighbors Robin Warnick, Bob Mills, and Scott Cassel, Steve Hansford, and whoever else might be traveling Park Street and decided to pull in.

Brackeen drove up to visit the good doctor, but decided to meet us too since we were playing the game he loved so well.

David and I happened to be the only two around that day and Brackeen offered to play us two on one.

Granted the man was tall ... taller than anybody I had been around before, but surely we could take him., after all, we usually ruled that piece of concrete ... or that's the way I recall it.

I grew somewhat suspicious when David didn't sound too excited about the prospect of us winning, but we took the challenge anyway.

We generously allowed Brackeen to have the ball first and he promptly swished home what was then known as a Kareem Abdul Jabbar Sky Hook.

"Nice shot," I said, although I was thinking he wouldn't score many points trying shots like that.

Then we had the ball. One of us attempted the first shot for our team and Brackeen promptly swatted it halfway down the driveway to Park Street.

We'll not go into what I was thinking as I chased the ball down before it rolled down the street.

And so it went. Every so often, we'd score, but looking back, I think it was because he let us to keep our interest in the game.

After he got to 10, he thanked us for letting him play and David slowly began spilling the beans.

"He was an All-American at Ole Miss. He played in the NBA."

Indeed he was and he did. Brackeen was taken in the fifth round of the 1955 NBA Draft (there were only eight NBA teams then) after averaging 28.1 points during the 1954-55 season at Ole Miss. He played for the New York Knicks during the 1955-56 season.

Several years passed before this information would come in handy. I was enrolled at East Central Junior College where Brackeen was the Dean of Students.

We were playing in the old gym and he stuck his head in the doorway and spoke since he recognized me from that long ago whipping.

"Mind if I shoot?," he asked.

"Watch this," I told one of the guys playing with us. "This is going to be good."

Swish. Brackeen hooked in a shot while standing out of bounds.

"Bet you can't do that again," one of the uninformed students said.

"Bet a Coke?," Brackeen asked.

"Sure."

Swish.

"Bet me again?"

"Sure."

Swish.

At this point, I let the cat out of the bag. "You better stop. That man played in the NBA."

Brackeen declined to accept the payment for the bet, but went on to tell us that his career in the NBA didn't last all that long as a 7-foot giant by the name of Wilt Chamberlain had swatted his hook shot well into the stands at Madison Square Garden on more than one occasion.

I knew how he must have felt.

Over the years, I found out that Hickory had gone 51-1 his senior year and that he *averaged* 32 points in the 1952-53 season to help East Central make the NJCAA National Tournament.

Denver Brackeen

The Warriors finished fourth with Brackeen collecting a tournament record 53 points in one game.

He went on to play at Ole Miss where he was a second-team All-American and SEC Most Valuable Player.

He came back to coach at ECJC and had several outstanding teams, including a 22-3 squad in 1962-63. His overall record was 137-52.

In all, he spent nearly 30 years of his life involved with East Central.

I ran into Brackeen again last fall while eating at Peggy's in Philadelphia. We chatted while we double-teamed the fried chicken and I brought up that fateful afternoon when he showed two junior high kids what basketball was really like. We both had a good laugh.

Brackeen had been battling cancer for several years and while it took his life, it couldn't touch his feelings for his family, his friends, and East Central.

The man who worked his way up to major general in the Army National Guard had a fairly simple, but effective philosophy on life:

education

"Whatever you do, give it 100 percent," Brackeen said. "If you can't do a good job, don't take it. I was never satisfied. If there was a position higher than what I had, I wanted it."

One of the main things he wanted to see happen in his final years was for his former high school basketball coach Frank Hodges to be inducted into the Mississippi Association of Coaches Hall of Fame. That dream became a reality in July 2004 with Brackeen helping lead the way.

"Frank would get tired of seeing us dribble sometimes and he'd say if we dribbled it any more, he'd let the air out of it and we'd play awhile with no air so you couldn't dribble," Brackeen said in a 2004 interview.

"He meant an awful lot to a lot of people at Hickory. The year that I finished, he had seven people that were offered scholarships to college off a 10 to 12-player team.

"He was the kind of guy that, if you worked on a farm, he'd come help you do your chores so you could play basketball.

"Somebody that's helped put as many guys in the Hall of Fame that he has deserves the honor too."

Brackeen also meant a lot to a lot of people, especially in Newton County. And will continue to do so.

East Central Community College began a scholarship in his honor last year so that others may become a part of his legacy.

. . . WELCOME . . .

The National Junior College Athletic Association, Lysle Rishel Post 68, American Legion, our dedicated committeemen, and the citizens of Hutchinson welcome the teams, coaches, officials and fans to the 1989 National Junior College Basketball Tournament. We sincerely hope your visit to Hutchinson is a pleasant and happy one.

Hutchinson's Sports Arena "Home of the National Junior College Basketball Tournament", was started in 1950 and completed in 1952. Dedicated in March 1952, its first attraction was the 1952 National Tournament.

The citizens of Hutchinson voted in April 1980 to spend nearly two million dollars to remodel and completely renovate the Sports Arena. Completed in November 1981, it was the first major renovation of the facility since it was built in 1952. Improvements included a complete new cosmetic facelift to the interior of the Arena, new wood floor, all new seats including automated pull out bleachers on the floor with pop-out chairs. New goals, improvements to dressing room facilities, and air handling system. A new sound system and new four sided scoreboard with message center was installed during the renovation.

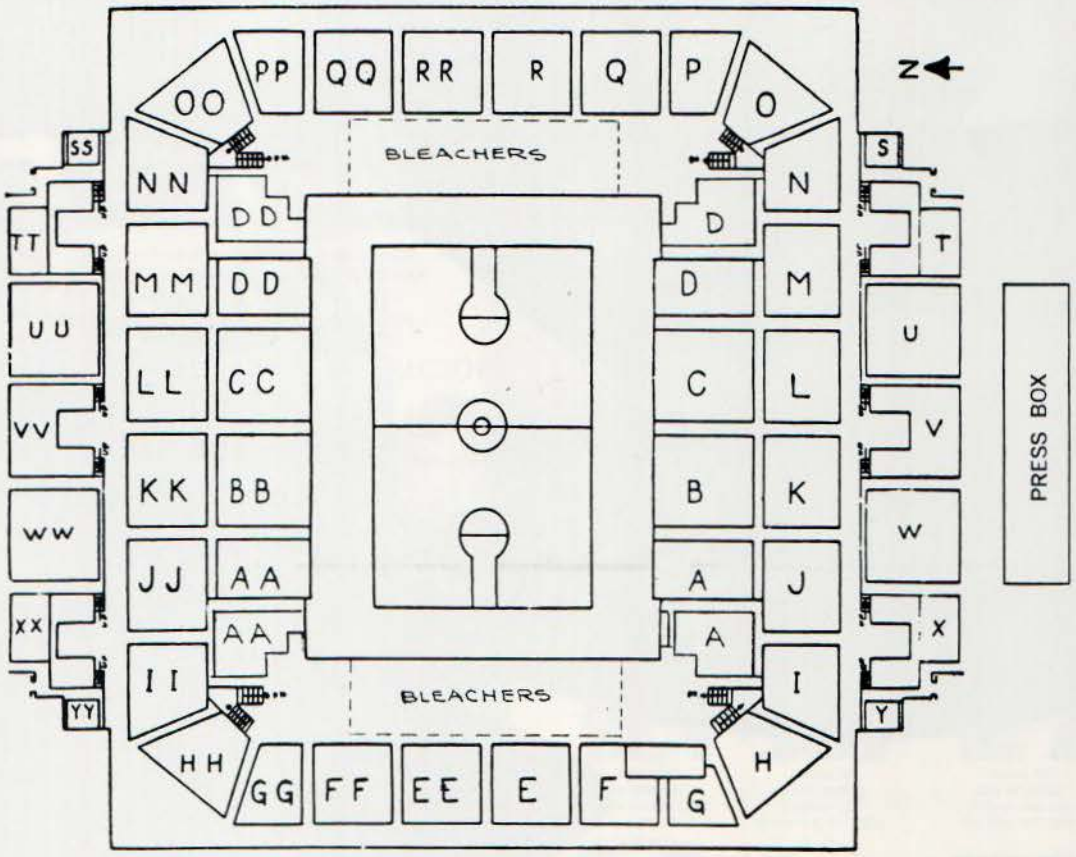

A new office complex on the south side called the "Humiston Administration Center" was also added. The complex houses the offices of the Hutchinson Community College athletic department, a conference room, and hospitality room.

The building contains a practice gymnasium, enlarged training room, and adequate radio and TV booths for tournament coverage.

Primarily constructed for the National Junior College Basketball Tournament and other sporting events, the Arena is used for conventions, home shows, concerts, and many other attractions.

The Sports Arena is located on a 25 acre tract near Hutchinson Community College. Paved parking is provided for more than 3,000 cars. Maximum seating for basketball is 7,600.

Since 1959 The Hutchinson Rotary Club has presented an annual trophy to the outstanding coach in The National Junior College Basketball Tournament. This award is based on general sportsmanlike conduct of the coach and his team, both on and off the court, and on ability indicated by the performance and success of his players in the tournament. Performance of the team prior to the National Tournament has no bearing on this choice. Selection is made by a secret committee of individuals unknown to each other, each with experience in basketball and basketball tournaments which would qualify them to make this decision. This award consists of a permanent trophy which remains on display in the Sports Arena with names of winners inscribed thereon. The winner receives an engraved plaque for his permanent personal possession.

THE JUCO CLASSIC

This excellent illustrated history of the NJCAA basketball tournament is available for purchase at Crossroads Bookstore, 304 N. Main, Reffner's at the Mall, Hutchinson Community College Bookstore in the Student Union, and at the Souvenir stand here at the tournament. The book is packed with pictures and stories covering each year of the tournament since 1948. Every follower of the tournament should have this 9"x12", 272 page, hard cover story of this great tournament. The author will be available at the tournament to autograph your book.

1988 FRENCH MOST VALUABLE PLAYER AWARD

MAURICE BRITTIAN — HUTCHINSON COMMUNITY COLLEGE — HUTCHINSON, KANSAS

Bill French, a Juco All-American on the 1960 NJCAA All-Tournament Team, was killed with his wife, Mary Kay, in an automobile accident on November 30, 1968. Bill was a popular player with the fans in this area, having played high school basketball at Pretty Prairie, before starring at Hutchinson Community Junior College from 1958 through 1960. He then played at Wyoming University where he met Mary Kay, a pharmacy student. After receiving his masters degree, Bill returned to this area where he taught school and later joined his father and brother in a farming and milling operation near Pretty Prairie. Following the tragic accident, the Hutchinson Jaycees decided to honor Bill by naming the Player of the Year Award, the William B. French Most Valuable Player Award. This Award is presented each year to the player voted the outstanding individual player in the tournament. The Award is based on the sportsmanship, playing ability and overall play as a member of a team, which the individual displays during the tournament. In addition to the Most Valuable Player Award, friends and relatives of Bill and Mary Kay have started the French Memorial Scholarship Fund which will be used each year to assist one basketball player at Hutchinson Community Junior College and one pharmacy student at Wyoming University. Contributions may be made to the Memorial by sending a check to the HCC Endowment Fund, Hutchinson, Kansas.

The Sesher Sportsmanship Award was initiated in 1966. It will be presented annually to the player demonstrating the best sportsmanship throughout the tournament. The trophy is in honor of Mr. Charles Sesher, who over many years has been one of the outstanding sports figures in National Junior College circles. Selection is made by a secret committee of individuals unknown to each other, each with experience in basketball and basketball tournaments, which would qualify them to make this decision. This award consists of a permanent trophy which remains on display in the Sports Arena with names of winners inscribed thereon. The winner receives an engraved plaque for his permanent personal possession.

V. C. "Bud" Obee passed away from a heart attack on October 15, 1972. It is in his honor, that the Most Outstanding "Small Player Award" was inaugurated during the 1973 tournament.

The award will be presented annually to the player displaying good character, leadership, and loyalty to his fellow players and coaches. He will also be judged on his defensive ability, indicative of a small player. In order to be eligible for the award a player must be no taller than 6 feet-1 inch.

Bud Obee was a leader, honored student, dedicated athlete and a team captain. He attended Hutchinson High School and Emporia State College. He continued this reputation in the community, and in 1949 was the logical choice to be the Tournament Director of the first NJCAA Tournament in Hutchinson. Much of the success of the tournament in Hutchinson is due to Bud's tireless, unselfish efforts in directing the first 24 tournaments in which 384 teams have participated.

CONGRATULATIONS

to the 1989 Inductees into the National Junior College Basketball Hall of Fame:

GENE BESS

DENVER BRACKEEN

ROY EDWARDS

ALLEN HOLMES

BRUCE LARSON

REED K. SWENSON

SIX NAMED TO NJCAA BASKETBALL HALL OF FAME

The National Junior College Basketball Coaches Association proudly announces its 1989 selections for induction into the National Junior College Basketball Hall of Fame, located in Hutchinson, Kansas.

GENE BESS

GENE BESS— Coach. Currently in his 19th year as Head Coach at Three Rivers Community College in Poplar Bluff, Missouri. With more than 500 victories, he has taken eight teams to the National Tournament, winning the Championship in 1979. His tournament record is 22-8. Highly respected by his peers, Bess has never had a losing season at Three Rivers, and has won 30 or more games in one season nine times.

DENVER BRACKEEN

DENVER BRACKEEN — Player. In 1949 he played for East Central Junior College in Decatur, Mississippi, then went on active duty with the U.S. Army during the Korean conflict. He returned to East Central in 1953 and led his team to the National Tournament, placing 4th. Brackeen was named tournament MVP, scored 134 points, including a then record 53 points in one game. Brackeen later played at the University of Mississippi, and was named All-American his senior year. He now resides in Ridgeland, Mississippi.

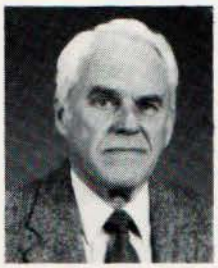

ROY EDWARDS

ROY EDWARDS — Coach. Was Head Coach at Northeastern Junior College in Sterling, Colorado for 32 years. Won 547 games, took four teams to the National Tournament, and placed fourth twice. Retired from coaching in 1981, remained as Athletic Director until his retirement from Northeastern in January 1987. Edwards dedicated his life to Coaching and Teaching. He now resides in retirement in Sterling, Colorado.

ALLEN HOLMES

ALLEN HOLMES — Player. Played for Weber College in Ogden, Utah from 1957 to 1959. Became a two-time First Team Junior College All-American. As a Freshman he led Weber to 2nd place in the National Tournament. Then in 1959 he led Weber to the National Championship, became tournament MVP, scored 115 points including 31 in the championship game. He was All Tournament both years. Highly recruited, Holmes then played at the University of Utah. A promising pro career was cut short because of an automobile accident while attending Utah. Holmes now resides in Salt Lake City, Utah.

BRUCE LARSON

BRUCE LARSON — Coach. Brought six teams to the National Tournament while coaching at Eastern Arizona College in Thatcher and Weber College in Ogden, Utah. Was runner-up in the National Tournament with Eastern Arizona in 1957. Moved to Weber in 1958 and again became runner-up in the National Tournament. Won the National Championship with Weber in 1959, and became the first recipient of the Coach of the National Tournament Award. Larson is the only coach to take three consecutive teams to the National Championship game. He spent 11 years as Head Coach at the University of Arizona, and now resides in Tucson, Arizona.

REED SWENSON

REED SWENSON — Coach/Contributor. Coached at Weber College in Ogden, Utah. Became President of the NJCAA in 1949, and held that position until 1962. Without Swenson's guidance the NJCAA might not have survived in the early days of their existence. His leadership kept the organization together, writing by-laws and incorporating the organization into a non-profit Association in 1949. Swenson now resides in retirement in Ogden, Utah.

1948-1989
42nd Annual
National Junior College Basketball Tournment

This marks the 42nd year of the National Basketball Tournament. Tournament play first started in 1945 at Compton, California, when the first Junior College Invitational event was held, and won by Pasadena City College. The same event involving teams west of the Mississippi River was held in 1946 and won by Sacramento Junior College, and in 1947 the champion was host Compton College.

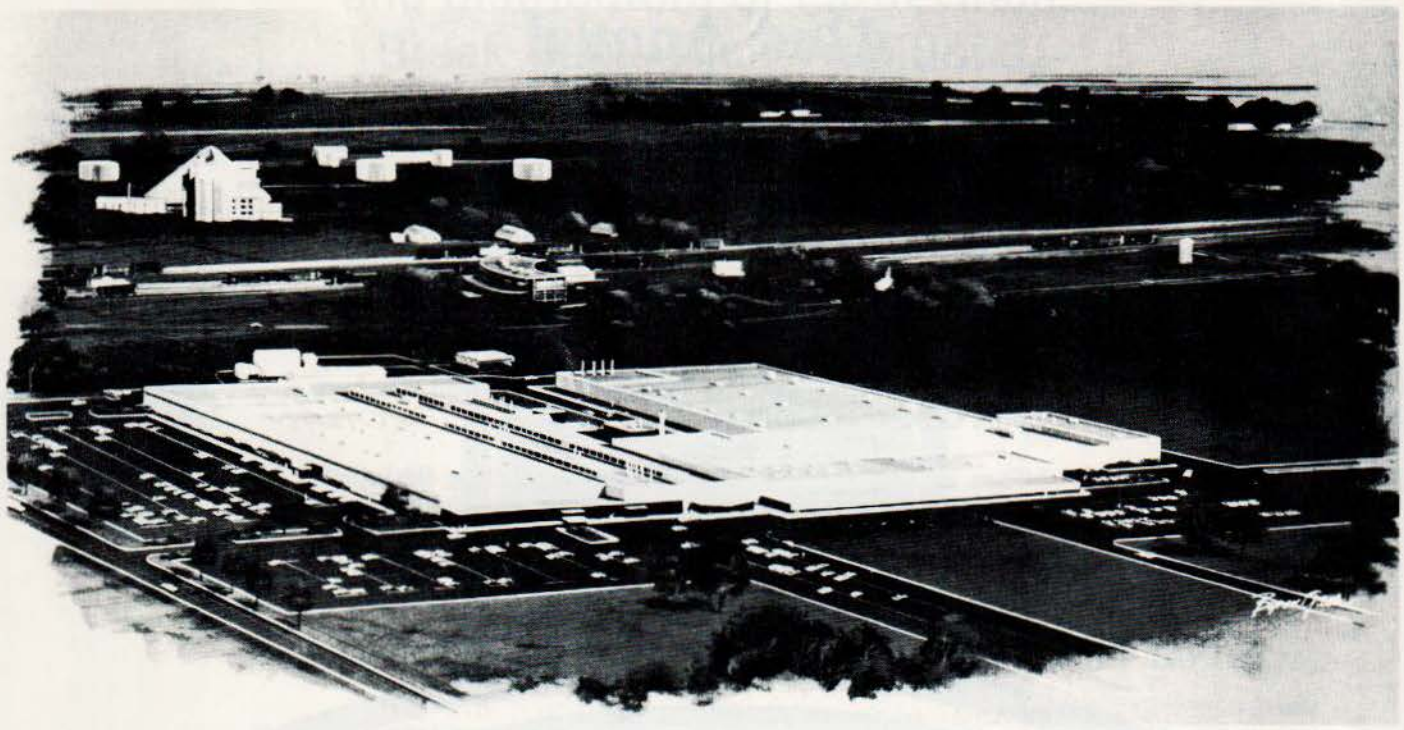

Then in 1948 the First National Junior College Basketball Tournament involving teams from throughout the United States was held in Springfield, Mo. In 1949 the National Tournament was moved to Hutchinson, Kansas, and has been held in this city ever since.

The hydraulic components used by the largest manufacturers of agricultural, material handling, light industrial and forestry equipment are produced right here in Hutchinson at Eaton's Hydraulics Division.

Eaton employees are in the business of increasing productivity through the application of fluid power technology. By furnishing the heart and muscle for labor-saving devices and machines, we contribute toward improvement of the quality of life for people everywhere. The Hutchinson community benefits as the Hydraulics Division works to meet the world need for food and shelter.

Bite.

Something to munch? How 'bout lunch? Maybe a sit down dinner would hit the spot. Something to drink? —

Bite.

Why, in a wink! And a sweet morsel to top it off. Whatever your culinary cravings, foreign or farm fresh, we're the one place with a variety of tastes.

Bite

A delicious concoction of food and fashion. — Spend the day. Or if you like, pop in for a bite!

CONVERSE LAUNCHES THE ENERGY WAVE.™

Introducing the new Cons ERX™ series with the Energy Wave.

An incredible new substance that actually returns up to 34% of your energy with every step you take.

You'll see it in your vertical* leap. You'll feel it at the end of the game when you still have energy to burn.

Cons ERX has set an entirely new standard in performance basketball shoes. And the only way to understand it is to lace up a pair. Experience the Energy Wave and you'll know the truth: anything else is just a sneaker.

* Schools listed on these pages actually participated in National Tournament competition in Springfield, Missouri in 1948, and since then in Hutchinson. In 1978 the NJCAA adopted a plan of first round games and eliminating six teams from National Tournament competition, and modified in 1982 to eliminate eight teams. Teams eliminated after first round games since 1978 are listed on Page 77.

UNUSUAL BUT INTERESTING STATISTICS

1988 NJCAA Basketball Tournament

Statisticians:
NORMAN ROTH, STERLING
KEN SCHMUCKER, PARTRIDGE
JEFF WELKER, LEWIS

THE CHAMPIONSHIP GAME

For 90 minutes, not including any of the halftime intermission, Jerry Kershaw and Rusty Hilst were "on the air" describing the action. From the moment Jerry said, "All right. The ball is in the air. The tip controlled by Kankakee." until he said, "Hutchinson Community College has just won the National Championship." he used 12,402 words. Rusty chipped in another 3,270 words on 157 different occasions giving facts, statistics or his opinion. Together, they totalled 15,672 words in 90 minutes for an average of 174 words per minute. To put that in perspective, that's three words per second!

In addition to describing the action on the court they gave the time showing on the clock 139 times. They gave the score 116 times and gave who was ahead or behind and by how many points another 76 times.

The most interesting segment of the game had to be the four minutes that Jerry and Rusty discussed the toilet paper caper with one second remaining in the game and guessing what the outcome would be. During those minutes the time was evenly split as Jerry said 357 words and Rusty followed with 351. They averaged 177 words per minute during those four minutes.

The basketball court isn't the only place where the action is fast and furious!

DUNKS

Once again a new record number of dunks were made in the tournament. The record now stands at 96. The record of 91 dunks, set in the 1987 tournament, was broken with 17:46 remaining in the first half of the championship game by Julius Denton of Kankakee. Daron Jenkins of Copiah-Lincoln led all players with 13 dunks, he was followed closely by Carl Herrera of Jacksonville who made 11.

Copiah-Lincoln led all teams with 20 dunks, followed by Jacksonville with 18. This was the first time that every team in the tournament made a dunk. Forty-five players made dunks, while 13 players missed dunks. Of the 110 attempted dunks only 14 were missed.

TIMEOUTS

There were 172 timeouts called in the 1988 NJCAA Tournament, but only 34 were called in the first half of games. There were 4 games in which a timeout wasn't called until the second half. The most timeouts called in one game was 12, in an overtime game between Allegeny and Kankakee. The fewest timeouts called in one game was two, occuring twice in the tournament. In the four overtimes, eight timeouts were called. There were five instances where back-to-back timeouts were called without play resuming between the timeouts. The shortest timeout lasted only 14 seconds, with only four being under a minute. Twice the action was stopped for over two minutes with the longest being 4:06 with one second left in the championship game. Shelby State was the only team to play an entire game without calling a timeout. Timeouts averaged one minute and twenty seconds long.

ODDS & ENDS

Of the 26 games the winner scored first 15 times. The quickest a team ever scored was in three seconds, accomplished by Kankakee. The next fastest was four seconds by Hutchinson. The longest stretch at the start of a game without either team scoring was two minutes and forty-nine seconds. The longest one team went without scoring was 3:14. The winners of the 26 games scored their first points in an average of 59.1 seconds, the losers in 68.4 seconds.

There were a total of 940 substitutions in the tournament. 477 made by the winning teams, 463 by the losers. The most substitutions by one team in a game was 41, by Kankakee. The least was 6 by Jacksonville. The most substitutes for a team that played four games in a tournament was 146, by Kankakee. The least was 30 by Jacksonville. This is an average of 36.5 and 7.5 substitutes per game respectively, compared to an average of 18.1 for the entire tournament.

Players fouled out 36 times in last year's tournament. The earliest a player fouled out in a game was with 8:34 remaining. In 7 games, three players fouled out in each game. Four players fouled out in the four overtimes.

In the first 24 games of the tournament the halftime was scheduled for 10 minutes, it lasted an average of 10:58. The longest was 11:52, The shortest 9:54. The last two games halftime was scheduled for 15 minutes, they lasted 15:57.

The score was tied 157 times last year, with 205 lead changes, for an average of 6.0 per game, and 7.9 per game respectively. The most ties in one game was 15. This was in Game 13 where Jacksonville defeated Chowan, 71-69. The highest tied score was 88-88. The most lead changes in one game was 25, an overtime game in which Kankakee won, 74-73 over Allegeny. The championship game had 6 ties and 13 lead changes.

There were six technicals called in the tournament. Five on coaches, and only one on a player.

In the first half teams got into the bonus situation at the free throw line with an average of 7:26 remaining, compared to 7:22 remaining in the second half. The earliest a team got into the bonus situation was with 15:13 left in the first half of Game 17. In five instances a team never got into the bonus situation. In Game 22 Belleville got in the bonus situation with 6:53 remaining in the first half, one second later with 6:52 remaining, Kankakee was put in the bonus situation. Fourteen times the team that was put in the bonus situation first in the first half also was given the bonus first in the second half.

BASKETBALL SURVEY

During the tournament 131 randomly, selected fans, the tournament's 10 game officials and members of the Chipola Junior College and Westchester Community College basketball teams were asked for their opinion on these four questions: Do you like the three point shot? Is the distance of the three point shot too close, just right or too far? Should a player fouled on an unsuccessful three point shot receive three free throws instead of just two free throws? Should the 45 second clock be shut off the last few minutes of a game?

Of the 163 total responses, 142 (87%) were in favor of the three point shot. 162 responded to the distance of the three point shot. 91 of those said the distance was just right for 56%. 68 (42%) said the distance was too close and only three said it was too far. Of the 77 people under the age of 50 that responded, 42 (55%) said the distance was too close. The idea of three free throws when fouled on a three point shot failed 124-39 (76% were opposed). 142 of the 163 responses (87%) were in favor of leaving the shot clock the way it is.

The tournament's 10 officials agreed with the fans on three of the four questions. All 10 favored the three point shot and agreed with leaving the shot clock as it is now. Eight of the ten thought the distance of the three point shot was just right while the other two felt it was too close. However, the ten were evenly split on the issue of three free throws for a foul on a three point shot.

THOUGHTS FROM THE FANS

At the conclusion of the survey, an opportunity was given for the fans to share their ideas about the game. The following is some of their comments:

"Use the high school rule on getting teams from the huddle after a time-out."

"Why not count a lay-up or dunk 1 point and shoot from half court 4 (points)? Need more consistency. You don't get 4 points for a longer field goal in football, do you?"

"Dunk should be 1 point."

"The 3-point shot changes the game from the way it was invented to be scored. If it ain't broke, don't fix it."

"Offensive foul-no basket no matter what."

"3 to make 2" in reference to the three free throws when fouled on a three point shot."

"I think all fouls in the last 4 minutes of a game should be ruled intentional and the team should have the option of shooting 2 or taking the ball out of bounds."

"What difference dose it make? We can't change the rules."

"The game is okay as it is."

Did You Know That

With the expansion to 24 Regions in 1983 by the NJCAA, it became necessary to have eight National Tournament First Round Games, after Regional Champions are declared. Sixteen teams then advance to the Second Round in Hutchinson. Each Regional Champion must play a First Round game with an adjacent region, two out of each three years.

Pairings for first round games will always be by Regions as follows: 1 vs 18, 2 vs 6, 3 vs 21, 4 vs 12, 5 vs 14, 7 vs 24, 8 vs 17, 9 vs 13, 10 vs 20, 11 vs 16, 15 vs 19, and 22 vs 23.

The 1990 NJCAA Basketball Tournament will be played in the Hutchinson Sports Arena, March 20 through 24.

First round games in the 1990 Tournament will involve the following regions:

2 vs 6	9 vs 13
4 vs 12	10 vs 20
7 vs 24	11 vs 16
8 vs 17	22 vs 23

Teams drawing a bye in 1990, therefore advancing to the Second Round in Hutchinson are:

Regions 1, 3, 5, 14, 15, 18, 19, and 21

The National Junior College Athletic Association has established a Division II basketball tournament. 86 schools have requested Division II status, and will compete for the NJCAA Division II basketball championship on March 16, 17, and 18 at Delta College in Bay City, Michigan.
